

Attain Rate

Your holistic F&A cost recovery solution

Navigating today's complex federal cost policy, F&A rate optimization, and compliance challenges requires a comprehensive solution approach that will deliver the best outcomes for your unique needs. Introducing Attain Rate, a bundled offering featuring an intuitive, cloud-based F&A platform combined with support from best in class consultants to help you master the dynamic regulatory environment affecting cost recovery.

Infused with over 40 years of extensive experience and leadership in higher education recovery rate proposals, and designed in close consultation with expert F&A consultants and industry leaders, Attain Rate is an intuitive, cloud-based F&A platform. Available with zero set-up costs and a low annual fee, a subscription to Attain Rate provides anytime, anywhere access to your data and facilitates the optimization of rate calculations.

The Attain Rate Platform

At Attain Partners, we offer extensive experience in determining the administrative and facilities costs associated with federal and other sponsored programs. A subscription to Attain Rate augments that experience by providing anytime, anywhere access to your data, by learning and growing with you, and by facilitating the optimization of rate calculations.

The Attain Rate cloud solution provides a single environment for multiple users to import all General Ledger (GL), Space, Equipment, Interest, and Building data. Once the data are uploaded into the Attain Rate system, users can intuitively map accounts and apply the model to allocate costs. The system allows users to adjust the cost mappings to update the allocations, recalculating the rate each time to confirm the best approach for your institution. Attain Rate provides both visual exploration of allocations from pools and subpools, as well as all traditional reports for the users to review and print.

Optimize your rate calculation.

Leverage a solution that learns and grows with you.

Access your data, anytime, anywhere.

Our Expertise

With more than 40 years of experience, our skilled professionals have mastered the complexities of preparing, submitting, and negotiating F&A cost recovery proposals with the federal government and other program sponsors. We offer market-leading capabilities implementing industry best practices, including reviewing, developing, and applying costing methodologies. In addition, Attain Partners has deep expertise in interpreting the dynamic regulatory environment that affects cost recovery rates, including 2 CFR 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and OASC-3.

Training and Support

Designed in close consultation with expert F&A consultants and industry leaders, Attain Rate is an intuitive tool. We also offer a high touch support environment—comprehensive training and 100 hours of help desk support included with the tool.

Your Holistic Rate Optimization Solution

Attain Rate is an F&A tool which provides a complete, holistic costing platform with functional technical support. In this unique environment, clients and Attain Partners consultants work together in Attain Rate to optimize indirect cost rates, addressing customers' most complex F&A challenges.

Not just powering the future—empowering it.

Based in McLean, Va., Attain Partners is a management, technology, and compliance consulting firm. Our consultants deliver transformative services, solutions, and market-leading results to the education, healthcare, and nonprofit communities, as well as state and local government. From research administration to F&A cost rate proposal development and negotiation, facilities management, organizational and digital transformation, and strategic financial analysis, Attain Partners isn't just powering the future—we're empowering it.
