

# Strengthen **Research.** Reduce **Risk.**

Research security demands coordination, clarity, and the right strategy.

Attain Partners helps institutions strengthen compliance, protect federally funded work, and build practical programs that stand up to evolving expectations while minimizing burden on researchers and administrators.

Our Research Security Readiness Assessment helps institutions evaluate current policies, processes, governance, systems, and stakeholder alignment, while engaging leaders and key stakeholders so they understand their roles, responsibilities, and the importance of research security to the institution's mission.

*Assess Readiness*

*Align Stakeholders and Priorities*

*Clarify Roles and Responsibilities*

*Close Policy and Process Gaps*

*Build Sustainable Research Security Programs*

**Attain Partners helps institutions build stronger research security, make clearer decisions, and move forward with greater confidence.**
